PROFESSIONAL EXPERIENCE

KB Asset Management **Vietnam**

- *Investment Analyst Intern* June 2025 – Aug 2025
  - Conducted in-depth fundamental and technical analysis, utilizing DCF and multiple valuation models, on equities within the materials, retail, and industrial sectors, contributing to 3 comprehensive investment proposals.
  - Developed and implemented VBA macros to automate stock screening and report generation in Excel, reducing processing time by 20% and enhancing efficiency for the investment team.
  - Innovated and proposed AI-driven solutions to streamline daily tasks for portfolio managers, reducing daily task time by 50% and enhancing efficiency and decision-making.

Massachusetts Small Business Development Center **Springfield, MA**

- *Financial Business Consultant Intern* June 2024 – Aug 2024
  - Provided financial consulting to 30+ small businesses, preparing financial projections, loan proposals, and valuation models, securing over $500K in funding.
  - Assisted financial advisors by conducting market research and competitive analysis, translating data into actionable insights that improved client funding approval rates by 18%.
  - Engaged with 20+ local entrepreneurs at business fairs, promoting consulting services and facilitating connections with lenders, leading to increased client sign-ups.

Tam Studio (Startup) **Vietnam**

- *Business Analyst Intern* June 2023 – Aug 2023
  - Developed targeted advertising strategies alongside the CEO, identifying optimal social media platforms and increasing brand engagement.
  - Conducted market analysis to refine pricing strategies, optimizing profitability and expanding market reach.
  - Supported the setup and optimization of the company's e-commerce website on platforms like Shopify.

PROJECT EXPERIENCE

Loan Eligibility Prediction

- Analyzed over 400 loan applications and conducted data preprocessing and feature engineering to predict loan approval outcomes, using models like Logistic Regression, SVM, Random Forest, and KNN.
- Achieved up to 82% accuracy and identified critical patterns in applicant income and credit history, enabling improved loan risk assessments and reducing default rates.

Adventure Works Power BI Analytics

- Created a comprehensive Power BI report for Maven Market, involving data preparation, modelling, and visualization, resulting in a valuable tool for data-driven decision-making.
- Leveraged the capabilities of DAX to create advanced measures and KPIs, including return rates, profit margins, and revenue analysis, and effectively utilized bookmarking to emphasize essential insights in the report.

SKILLS

- **Programming:** Advanced Python, R, SQL, HTML/CSS & JavaScript, VBA
- **Tools:** GitHub, MS Office, Tableau, Power BI (Power Query, DAX), SAP Analytics Cloud, Bloomberg Terminal
- **Certificates:** Microsoft Excel Expert (Cengage), Google Advanced Data Analytics
